

CARW Next Generation Application Form

CARW Next Generation is offered to CARW members and consists of programming that is open to commercial real estate professionals. This application requires an endorsement from company leadership and a 9-month commitment to the program, of which 15 – 20 commercial real estate professionals will be selected for. This time commitment is essential in order to attend our monthly meetings that will take place at 250 E. Wisconsin Ave. in the CARW first floor conference room from 4 – 5:30 p.m. on a Wednesday of each month.

CARW Next Generation is a program focused on helping member firms recruit and retain commercial real estate professionals. This program gives those with one to five years of experience access and exposure to various disciplines while fostering strong relationships within the real estate community. Must be a CARW member for at least 6 months. Specifically, participants will meet with representatives from the following disciplines: 1) asset/property management, 2) construction, 3) brokerage, 4) design, 5) development/property ownership, 6) engineering, 7) finance, 8) legal, 9) public officials.

As commercial real estate is very much an experience driven industry, the knowledge gained from the program is intended to augment classroom knowledge gained through one's education by providing participants with high-level information and practical examples from actual commercial real estate projects, as well as enhancing their commercial real estate network. We believe this initiative not only improves individuals, but the industry – for now and in the future.
