

Promote Your Listings with Email Broadcasts

Take advantage of our distribution list and reach potential leads with broadcast email, included in your membership! Broadcasts are sent directly to brokers and investors with matching e-mail preferences, driving targeted traffic to your listings.

1. While logged into your account, click the Email option at the top of the page.

2. Click the **New Listing Broadcast** button.

3. Select which property you'd like to include in the broadcast, then click **Next**.

4. Select which listing(s) and flyer you'd like to include in the broadcast, and click **Next**.

5. Compose a custom title and message to include in your broadcast, then click **Next**. Examine the preview and click the **Submit** button to begin distribution.

Tip: If you've recently edited your listing, be sure to wait until your Research Team approves those changes so that they're reflected within the Broadcast template.

We value your feedback. If you have any questions, concerns, or suggestions, feel free to reach out!
